

Triplesign Trivision Structures for POPMaxi & XP sign

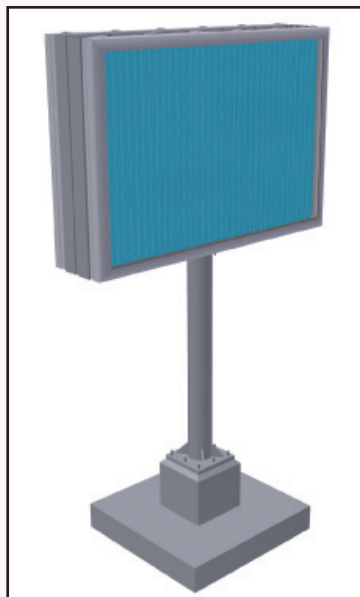

Triplesign are pleased to announce that we now can offer a complete system including structures for Triplesign **XP** and Triplesign **POPMaxi**.

Due to standardizing in the product development we can ensure outstanding quality to very reasonable prices. Standard structures as of now are for units sizes 3x2 and 4x3 mts. The structures can be made as both single and double sided.

We look forward to answer any questions you might have regarding the complete Triplesign system.

Single Sided XP

Double sided POPMaxi

Double sided XP
